TRANSFER OF CREDIT POLICIES

Candidates with less than 500 hours of training:

These candidates may apply to transfer up to 250 hours to CNWSMT. In addition to the regular application items, candidates must submit transcripts and course descriptions for courses for which s/he would like to transfer hour/credits. These materials are evaluated by the Director of Education who will determine if the prior courses may be transferred based on content, length of course, and grade achieved (must be a C or better and have been completed within 10 years of the scheduled test-out). If the Director of Education determines that courses taken elsewhere are equivalent to CNWSMT courses, then the candidate must pass a comprehensive course content exam in order to successfully transfer the credit. This test-out exam must be accomplished before starting any classes at CNWSMT. The fee for testing out of each course is \$100.00. Tuition will not be charged for courses that candidates do not take at CNWSMT because they have successfully tested-out of them. Testing out of a course could have an impact on financial aid eligibility. These Transfer Students do receive a diploma from CNWSMT and are considered Diploma Transfer Students.

Candidates Who Have Completed a Massage Therapy Program of 500 Hours or More and Have Earned a Diploma or Certificate in Massage Therapy:

These candidates are likely to be best served by contacting the NY State Education Department Office of the Professions Bureau of Comparative Education. Candidates need to submit their program information to the NYS Board of Education to receive an official assessment (called a “letter of deficiency” or “comparative education letter”) of what hours or courses he or she needs to complete in order to satisfy NYS required 1000 hours of training. These students are mandated by NYS to complete the proscribed hours of training at a school of Massage Therapy that is recognized as licensure-qualifying by NYS (such as CNWSMT) in order to take the New York State Licensing Examination for Massage Therapy and practice professional massage in the State of New York. These Transfer Students do not receive a diploma from CNWSMT and are considered Non-Diploma Transfer Students. On some occasions, NYS grants licensure by endorsement. If approved, these students do not have to take the NYS Licensure Examination. To learn if you are eligible to apply for licensure by endorsement please contact the NY State Education Department Office of the Professions Bureau of Comparative Education.

Note: The conversion formula from credit hours to clock hours is as follows: each credit hour is valued as 15 clock hours and each lab credit is valued at 45 clock hours. Adjustment is made for transferring credit hours in which clock hours are equated to 50 minutes.

Admissions Process for Transfer Students:

Candidates, who wish to remedy deficiencies at CNWSMT, must follow the regular admissions process, agree to the transfer student requirements and submit the transfer student application items. In addition, candidates will meet with the Director of Education who will assist in the process of creating a schedule based on course hours required by New York State.
