Our clinic has been open for over 20 years. In 2020 we added our professional clinic services to graduates of CNW. This was to provide massage our clients while working with students that had to be educated remotely during the pandemic. This flourished into a demand to keep our licensed massage therapists in our student clinic. Our professional clinic offers massages to the public at a lower rate to keep massage affordable to our community. We have been offering professional clinic services Thursday – Saturday since June of 2020. We are now ready to expand these services throughout the week due to a high demand for our professional clinic.
