Salary Range: Room Rental

•My name is Anne Campbell Family Nurse Practitioner, and I have a small wellness based consulting practice in Gloversville, NY. I have a unique opportunity for someone who might be looking to rent a space full or part time, located in a well trafficked area right off Main Street in Gloversville.

•I work in my consulting practice part time, and center on wellness, mental health consultation for medications, weight management, and Genesight testing as well as medical card evaluation. I share my quite with a licensed master barber, there is a personal trainer next door, hearing doctor, eye doctor, and dentist in the building as well as a Reiki provider upstairs.

•I am seeking a trustworthy, dependable, and honest person to share my space, and that candidate would have their own dedicated room to provide massage therapy. This candidate would not be working for me, it would be a suite room rental with all utilities included for one set fee per month. The rate is very reasonable for the area. This suite has quite a bit of traffic and my clients are always asking about massage therapy, as are the clients we share with the personal trainer next door. This is a super opportunity for someone to build their client base.
